

## List of Reports and Memoranda Produced by the Bronozian Consultants about the Amulsar Project

1. Blue Minerals Consultancy. Evaluation of Lydian Amulsar Gold Mining Project: Assessment of ARD Potential and Effects on Surface Water, Groundwater and Soil. 17 June 2017. 134 pages. Available: <https://goo.gl/fW3mdA>
2. Clear Coast Consulting. Review of water treatment at the proposed Amulsar Gold project. 13 June 2017. 12 pages. Available: <https://goo.gl/WF7449>
3. Buka Environmental. Evaluation of Hydrogeochemical Issues Related to Development of the Amulsar Gold Project, Armenia: Key Assumptions and Facts. 19 June 2017. 20 pages. Available: <https://goo.gl/n8Qwnw>
4. Blue Minerals Consultancy, Buka Environmental, and Clear Coast Consulting. Lydian Amulsar Gold Mine Project in Armenia Lacks Proper Environmental Evaluation and Threatens Water Quality from Long-Term Acid Generation: Summary and Recommendations. 24 July 2017. 5 pages. Available: <https://goo.gl/NkyGBE>
5. Blue Minerals Consultancy, Buka Environmental, and Clear Coast Consulting. Response to Lydian review of Bronozian-Commissioned Reports. October 2017. 19 pages. Available: <https://goo.gl/9yMZLh>
6. Buka Environmental. Initial Comments on Lydian's 2016 Sustainability Report for the Amulsar Project. 16 October 2017. 4 pages. Available: <https://goo.gl/rYS2m2>
7. Buka Environmental. Evaluation of Geochemical Characterization Results and Proposed Additional Studies for the Amulsar Project, Armenia. 30 October 2017. 9 pages. Available: <https://goo.gl/9zGbq8>
8. Blue Minerals Consultancy, Buka Environmental, and Clear Coast Consulting. Response to Lydian's report: Further details of Lydian's approach to adaptive management of ARD. December 2017. 19 pages. Available: <https://goo.gl/yhSvZR>
9. Blue Minerals Consultancy, Buka Environmental, and Clear Coast Consulting. Concerns with the Amulsar Gold Project, Potential Consequences, and Recommendations, with appendices. January 2018. Available: <https://goo.gl/9KKMAe>

10. Blue Minerals Consultancy. Reply to Lydian and GRE Statements Critical of Blue Minerals Consultancy ARD Assessment. 3 pages. February 13, 2018. Available: <https://goo.gl/x2MPD1>
11. Buka Environmental. Response to Statements by Larry Breckenridge of GRE Regarding Amulsar Geochemical Characteristics. February 13, 2018. 10 pages. Available: <https://goo.gl/VwdRjZ>
12. Buka Environmental, Clear Coast Consulting, and Blue Minerals Consultancy. Primary Concerns Regarding the Amulsar Gold Project. 16 May 2018. 4 pages. Available: <https://goo.gl/qUVTkh>
13. Buka Environmental and Clear Coast Consulting. Press Release: Statement by Bronozian Consultants. Yerevan, 23 June 2018. 2 pages. Available: <https://goo.gl/bbxj1a>
14. Clear Coast Consulting and Buka Environmental. Report on our Trip to Amulsar Gold Project and Outstanding Project Risks. 23 September 2018. 9 pages. Available: <http://bit.ly/2Tf7Zd4>
15. Buka Environmental. Review of the ELARD/TRC Independent Third-Party Review of the Amulsar ESIA: Geology and Water Resources Sections. 27 August 2019. 14 pages. Available: <http://bit.ly/37l8ynp>
16. Buka Environmental. Major Risks and Consequences of Developing the Amulsar Mine. 29 September 2019. 5 pages. Available: <http://bit.ly/2OpidYo>
17. Buka Environmental. Cyanide risks at the Amulsar Project. 27 October 2019. 5 pages. Available: <http://bit.ly/2DjDz35>
